Act of 1969, the National Park Service (NPS) announces the availability of a draft Comprehensive Design Plan for the White House and President's Park and Draft Environmental Impact Statement (CDP–DEIS). This notice also announces the availability of a 24-page summary of the draft plan; the dates and location of public forums for the purpose of answering questions about the proposed plan; and the address to which comments are to be submitted.

DATES: There will be a 90-day public review period for the document. Comments on the CDP–DEIS should be received no later than March 11, 1999. An exhibit on the proposed plan will be available at the White House Visitor Center from December 2, 1998, until March 11, 1999.

There will be two public forums held on January 27 and 28, 1999, at the White House Visitor Center, 1450 Pennsylvania Avenue South, NW., Washington, DC. In addition to the exhibit, members of the planning team and staff will be available to answer questions about the proposed plan and the alternatives considered.

SUPPLEMENTARY INFORMATION: The CDP–DEIS addresses the future management and use of the buildings, grounds and cultural resources of the White House and President's Park. The goal is to better serve the presidency and the people, while protecting the historic character of this national treasure. The CDP–DEIS proposes actions to meet needs in the areas of: support services for the home and office of the president, visitor use and services, cultural and natural resource protection, transportation, site character, official functions and special events. The CDP–DEIS contains the description and assessment of the proposed plan and four other alternatives considered, including the required no-change alternative.

Impacts are analyzed on the following topics: cultural resources, natural resources, home and office of the president, the visitor experience, special events, transportation, the socioeconomic environment, and site management and operations.

The NPS is the lead-planning agency and has responsibility for developing the plan in conjunction with other agencies. Congressionally chartered agencies with stewardship or oversight responsibilities at the site serve on an NPS-led Executive Committee. Serving on the committee are: Executive Office of the President, Executive Residence, White House Military Office, U.S. Department of the Treasury, U.S. Secret Service, General Services Administration, District of Columbia, Commission of Fine Arts, National Capital Planning Commission, Advisory Council on Historic Preservation and until 1995 the Pennsylvania Avenue Development Corporation.

The planning process to develop the Draft Comprehensive Design Plan for the White House and President's Park began in 1992 with data collection. Issue identification took place in 1993 through 27 workshops involving some 70 agencies and organizations. Visitor opinions were obtained through surveys and through a 4-day public involvement exhibit held on the Ellipse in the spring of 1993. Desired futures were developed in workshops during the fall of 1993. Interpretative themes were developed in March 1994. Working group meetings on the news media space occurred between March 1995 and January 1996. Alternatives were released for public review in the spring of 1995.

All review comments received on the CDP–DEIS will become part of the public record.

Terry R. Carlstrom,
Regional Director, National Capital Region, National Park Service.
